

## Important

Dear Residents,

On March 9th an Executive Order by Governor Ron DeStantis declared a State of Emergency for the State of Florida regarding the Coronavirus (COVID-19). The State of Emergency, currently valid through April 8, 2020, provides broad powers to both State and local governments and covers all Florida counties. We are closely monitoring the event and adjusting our response plan in alignment with the business recommendations of the Center for Disease Control (CDC) and Florida Department of Health.

### Effective Immediately

The management office and Clubhouse will be closed until further notice, this includes the gym and business center. If you have an emergency that cannot be addressed by phone call or email, please call and we will schedule an appointment. Please email or call us at 727-216-6123
